Re: Closed Pending Building Permit Application, No. B15-002356 NSFR
708 N COOLIDGE AV
PALATINE, IL

Dear Sir or Madam:

We have identified this pending building permit application as having had no activity for at least 90 days. Therefore, we are assuming that you have decided not to move forward with your project.

The Palatine Code of Ordinances, section 6-1.4.3 adopting Section R105.5 of the 2009 International Residential and section 105.5 of the 2009 International Building Code states "An application for a permit for any proposed work shall be deemed to have been abandoned 90 days after the date of filing, unless such application has been pursued in good faith or a permit has been issued;"

As stated on the permit application "As the owner of the above property, and by signing above, I understand and agree that per the Palatine Code of Ordinances plan review fees are due for each permit application submitted regardless of whether the permit is pursued, expired or issued."

If we do not hear from you within 15 days from the date of this notice, your building permit will be withdrawn and all submittal materials will be destroyed. If applicable, an invoice for the required plan review fees is enclosed and due within 15 days.

No construction may commence until a new building permit is obtained.

If you have any questions, please contact Mary May, Permit Control Coordinator at 847-359-9042. Please give the permit number provided at the top of this letter.

Sincerely,

Mary May
Permit Control Coordinator
Division of Building Permits and Inspections
